Warranty for Hard Flooring Products

1. We warrant our range of hard flooring products. This includes all Aluminium Carborundum and FRP extrusions and tiles for a period of 5 years from date of purchase for delamination.
2. All products are guaranteed to meet co-efficient of friction test results, as tested by WSP Laboratories.
3. Warranty assumes products are correctly installed and normal conditions of use, i.e. pedestrians and bicycles. It does not cover deterioration due to impact damage, intentional or non-intentional abuse, mistreatment, natural disasters, for example fire or flood damage.
4. If you have a claim, that in our reasonable judgement, satisfies the terms of the warranty, we shall replace the defective product (material only). Removal of existing products and laying replacement products is at the cost of the purchaser.
5. This is an express warrant. It is your sole and exclusive remedy. We disclaim any other express or implied warranties. Our liability, under any circumstance, shall not exceed the price at the time of purchase was paid for the product.
